

Eternal Memorials

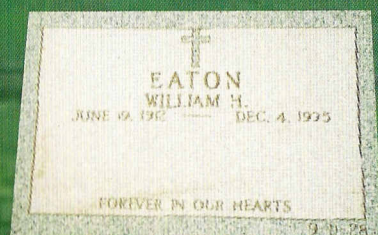

The memories of our loved ones remain with us always. We wish to help you celebrate the life of your loved one and preserve those memories with a granite memorial. Standing the test of time, granite remains the most effective way to express the individuality of our loved one.

What Is A Monument

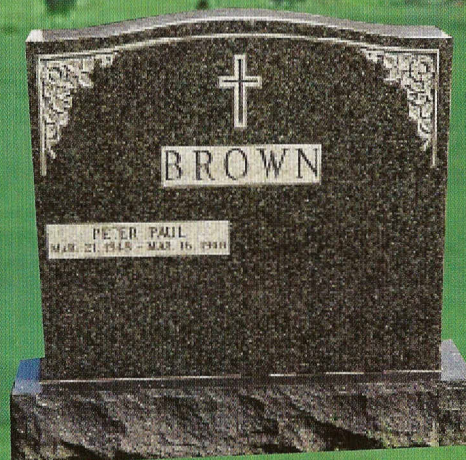

- A monument is far more than a means of making the resting place of an individual or a family.
- It is symbol of devotion. It is a tangible expression of the noblest of all human emotions—LOVE.
- It should not reflect sorrow but rather the long years of warmth and affection typical of the Christian American family.
- A monument is built because there was a life - not a death; and with intelligent selection and proper guidance should inspire reverence, faith and hope for the living.
- As an essential part of our American Christian way of life, a monument should speak out as a voice from yesterday and today to ages yet born.
